

Introduction

A Hillclimb is a series of trials against time or distance on a steep hill especially prepared for the purpose. The hills have varying degrees of slope from about 45 degrees to almost vertical.

This book contains rules and technical requirements governing all events that make up the AMA Pro Racing Hillclimb Championship. This series consists of the Xtreme Hillclimb class, the Unlimited Hillclimb class and the Pro Sport Hillclimb class. The Pro Sport class is for entry level riders.

The rulebook is designed to provide all the information needed to prepare your motorcycle and yourself for competition, plus an overview of all rules that apply to the racing program, along with a summary of offenses and penalties pertaining to rules violations.

The rulebook is divided into several sections with Section 1 containing general equipment standards that apply to all classes, while Section 2, 3 and 4 contains the standards that apply to specific classes. This section will be your guide to preparing a motorcycle for competition.

Section 5 lists information related to licensing classes that apply to riders.

The information needed on race days including a description of the racing program and rules you must follow at the track is contained in Section 6.

Offenses and penalties, plus the protest, appeals procedure and the Substance Abuse Policy are listed in the appendices.

The appendices also contain a list of the race official's duties procedures, online rule proposals, glossary and number fonts.

As a general rule, unless optional equipment or modification is specifically permitted by this Rulebook it is prohibited. The intent of a specific rule will override a competitor's interpretation of a rule. The intent of a rule will be determined by AMA Pro Racing officials. If any rule is unclear to the competitor, the competitor is advised to get written approval prior to any modifications.

Requests for rule clarifications or interpretations must be submitted in writing by riders and teams to AMA Pro Racing technical staff. Any prior verbal approval from AMA Pro Racing staff or officials without a written statement from the Technical Department with regards to the interpretation of a rule or procedure will be deemed invalid.

Please note that while every effort has been made to write these rules in a clear and unambiguous fashion, it is impossible to anticipate every circumstance. In all cases, it will be the race manager's job to make decisions regarding rules enforcement.

- o. In case of a tie, second best times will be used to break the tie. If this does not break the tie, third best times will be used. If a third time is not available or does not break the tie, a run-off between the tied riders will be run until the tie is broken. Runoffs will only be run at the conclusion of all rounds.
- p. The rider holding the fastest time in any event need not take his next trial until his time has been bettered. The rider may take his next trial at his option, in draw order, during that class ride or at the conclusion of that class. The Referee will appoint a knowledgeable person to be the assistant referee if an official is not available.. This person will be introduced at the riders' meeting. Video footage (by placement of device such as GoPro Camera at the top timing light) and or still photography by an approved photographer on the hill (from a vantage point to offer a definitive view) may be used to assist the Referee in the final decision.
- r. A ride will end at the point in which the rider goes around the flag marking the course.
- s. Where a rider loses control of his machine will be the spot marked as the distance reached.

- c. Riders must be informed if the electronic timer is not available or is not working. Hand stopwatches will then be used.
- d. If the timer should fail to work and the rider completes the hill, he may wait until all riders have taken their ride in this round and either be given credit for full footage or make another ~~trial~~ attempt.
- e. Should the motorcycle not trip the timer, the rider is permitted another ride ~~or trial~~. A rider must break the lower timing light to qualify for any points.

- g. The rider with the fastest time in the Xtreme and Unlimited classes in round three will be awarded a \$250 bonus for each class.

- j. The Pro Sport Class will run a normal event program, only competing in the First and Second Rounds. Points and Purse Money will be paid based on the results from those two rounds.

2.16 Official Race Results

- a. No official announcement of race results will be given until all scoring materials are examined and approved by the Head Scorer. Provisional results will then be posted and will become official if no recheck is requested by a rider within 30 minutes after the posting of those results.
- b. If any rechecks are filed within the time limit, a new posting time limit of 30 minutes will be required if changes are made to the previously posted results.
- c. The issuing of official results does not exempt riders who competed in the event from penalties for rules violations determined by AMA Pro Racing investigations following the protest period.
- d. At all Hillclimb events, the race report must be mailed within three days after the meet. The points for that meet will be awarded after the report has been checked by the AMA Pro Racing.

Any motorcycle found to be in violation of equipment rules may be assumed to have been in violation for the entire race event. In passing a motorcycle through technical inspection, AMA Pro Racing does not warrant that motorcycle's adherence with all rules. Each entrant and rider in AMA Pro Racing classes assumes full responsibility for any violation of equipment rules involving their motorcycle.

A3.1 Equipment offenses are divided into two categories:

- A4.2 There are two types of protests: technical and administrative. Technical protests relate to the legality of motorcycles and components used in competition. All other protests will be defined as administrative.
- A4.3 Every protest must be made separately and in writing. Each protest must specify the violation of AMA Pro Racing rules or procedures which is alleged, and must be accompanied by a filing fee. For a technical protest the filing fee is \$1,000, for all other protests the filing fee is \$500. AMA Pro Racing will not accept verbal protests or protests which are not accompanied by the required fee.

- A4.9 Once made, a protest cannot be withdrawn without the permission of AMA Pro Racing.
- A4.10 Any legitimate expense that AMA Pro Racing may incur as the result of a protest must be paid by the protesting party, and AMA Pro Racing may require in advance a deposit from the protesting party sufficient to cover such expenses. If the protest is upheld, however, such costs must be reimbursed by the protested party.

- A4.12 If AMA Pro Racing decides a protest in favor of the protested party, they will keep the protest fee and produce a written report. However, in the case of a technical protest which involves the teardown or measurement of an engine, the protested party will be entitled to the protest fee.

- A5.1 Appeals may be lodged by entrants and riders to initiate AMA Pro Racing's administrative review process.
- a. An appeal may be lodged by a party which loses a protest and desires further review of the issue. In general, appeals cannot be accepted related to matters for which no remedy is available. (For instance, no appeal will be heard if the only means of remedy would be to re-run the event.)
- A5.2 An appeal must be in writing, signed by the appealing entrant or rider, and must state specifically the elements of the protest, fine, suspension, or technical disqualification being appealed and the grounds for the appeal. The appeal may either be filed at the event or submitted to:
- AMA Pro Racing Technical Department
AMA Pro Racing
525 Fentress Blvd. Suite B
Daytona Beach, FL 32114
Phone: (386) 492-1014

- a. Copies of all written statements which will be offered as evidence at an appeal hearing.
 - b. A complete list of witnesses to appear at the appeal hearing. Attorneys are not permitted at appeal hearings.
- A5.5 AMA Pro Racing will review all materials submitted as required and will, in the interest of deterring unsubstantiated appeals, determine whether, in its sole and absolute discretion, the circumstances of the appeal warrant the convening of an appeal board.
- A5.6 Following the submission of an appeal, AMA Pro Racing shall take one of three initial actions:
- a. Rule in favor of the appealing party, take appropriate remedial action and refund the filing fee.
 - b. Convene an appeal board.
 - c. Determine the appeal to be without merit. If the appeal is determined to be without merit, an amount in addition to the \$1,000.00 filing fee may be assessed against the appealing party. This amount will be equal to the actual costs incurred by AMA Pro Racing in making the initial determination and shall be considered a fine under these rules such that all applicable rules regarding fines will apply.

- A5.7 If the matter being appealed is a dispute between two participants, AMA Pro Racing may mediate the matter in an effort to reach an agreement between the parties; but failing to do so, may convene an appeal board to hear the matter. For these purposes, a dispute between two entrants or riders is deemed to exist only if one party or the other has filed a formal protest against the other.
- A5.8 Each appeal board will consist of three persons with no material interest in the matter at hand. Selection of the appeal board members is at the sole discretion of AMA Pro Racing, which will make every effort to assure a fair and impartial hearing.
- A5.9 No evidence or other information will be given to the appeal board members in advance of the hearing, and AMA Pro Racing will use its best efforts to keep the composition of the appeal board confidential until the hearing. Any effort by any party to unfairly influence a member of an appeal board may result in disciplinary action. For these purposes any effort to discuss the matter under appeal prior to the hearing will be considered an attempt at influencing the appeal board member.
- A5.10 The time and place of the appeal hearing will be determined by AMA Pro Racing. The appeal hearing will be convened as soon as practical and barring delays will be held no more than 30 days after the ruling/incident being appealed.
- A5.11 AMA Pro Racing will designate an individual who shall serve as non-voting chairman of the appeal hearing. No other member of the appeal board will be an employee of AMA Pro Racing.
- A5.12 AMA Pro Racing will confirm the time and place of the hearing in writing to the appealing rider, such notice to be made at least 10 days before the hearing unless the appealing party agrees to shorter notice. Formal written notice will be deemed to have been given when mailed or faxed to the appealing party at the most recent address he or she has provided to AMA Pro Racing. AMA Pro Racing will make every effort to verbally confirm the time and place of the hearing with the appealing party.
- A5.13 Appearance at the hearing will be the responsibility of the involved parties. If the appealing party fails to appear, the appeal board may go forward with the hearing. In the event of a documented emergency on the part of the appealing rider, the hearing may be delayed.
- A5.14 The appeal hearing will be informal and rules of evidence will not apply. The following guidelines for conduct will, however, be enforced by the chairman:

 - b. All parties involved in the appeal will be expected to provide full cooperation to the members of the appeal board in establishing pertinent facts and gathering information.

Subject to the approval of the chairman, non-participating observers may also be admitted.

Refusal by any AMA Pro Racing official or license holder to provide a statement or testimony when requested may result in disciplinary action as provided for in these rules.
 - f. Information presented to the appeal board must relate directly to the matter under appeal. Discussion of past appeals or situations involving other participants will not be considered. The chairman may ask the appeal board to rule on the validity of information or testimony being presented.
 - g. Any party who fails to comply with these guidelines for conduct will be asked to leave the meeting and may be subject to disciplinary action.
- A5.15 The following order of business will be followed at appeal hearings:

 - b. Presentation of written and oral testimony, with the party in a defense posture presenting its evidence last.
 - c. Questions from the chairman and appeal board members.
 - d. Closing statements, again with the party in a defensive posture going last.
 - e. After all evidence has been presented, the appeal board will go into executive session to consider its decision. The chairman may, upon the request of at least two members of the appeal board, be present as a consultant to this process. It is the responsibility of the appeal board to rule on the matter at hand within the context of existing AMA Pro Racing rules and regulations. Appeal boards are encouraged to make recommendations regarding such rules and regulations but have no power whatsoever to waive or modify rules that were in place at the time of the matter under appeal.
 - f. Decisions of the appeal board will be by simple majority.
 - g. Upon reaching a decision, the appeal board will inform the chairman of same and the chairman will assist in drafting the board's formal statement.

- A5.16 If the appeal board members do not feel they can make a decision based on the evidence made available to them at the appeal hearing, they will have up to seven days to conduct further investigations and reach their decision. If no formal decision has been reached within seven days of the appeal hearing, the appeal board will be dismissed. At that point the AMA Pro Racing must either mediate a resolution to the appeal or convene a new appeal board.
- A5.17 AMA Pro Racing will reimburse actual expenses incurred by members of the appeal board. Parties and witnesses to the appeal will not be entitled to any such reimbursement.

- A5.19 While in the process of appealing a fine or suspension, a participant may continue to participate in professional events. However, this privilege may be denied, at the sole discretion of AMA Pro Racing, if the suspension is related to an offense under AMA Pro Racing Substance Abuse Policy or for operating a motorcycle or any motor vehicle in such a manner as to endanger the life or limb of other riders, officials or the public.
- A5.20 The participants to the appeal agree that the determination of AMA Pro Racing in the event the appeal is determined to be without merit or the appeal board is final, binding and shall not be appealable to AMA Pro Racing, any court, or any other tribunal. The participants to any protest or appeal further agree that the protest and appeal procedures provided for in the AMA Pro Racing Rulebook are the exclusive remedy for the resolution of any disputes and renounce the right to, and shall not pursue, recourse to any arbitrator, court or other tribunal not provided for in the AMA Pro Racing Rulebook. Any attempt to do so shall result in disciplinary action being imposed by AMA Pro Racing in its sole and absolute discretion. Said disciplinary action may include the permanent suspension of the entrant, rider, crewmember, other individual or motorcycle from participation in AMA Pro Racing sanctioned competition or any lesser disciplinary action deemed warranted by AMA Pro Racing.
- A5.21 The participants in the appeal agree that the publication of protests, appeals and the interim and final results of said protests and appeals may at the sole discretion of AMA Pro Racing be released to the public in any media deemed appropriate by AMA Pro Racing. Preamble

The safety and integrity of professional motorcycle racing are of paramount concern to AMA Pro Racing. Substance abuse is fundamentally inconsistent with safety and with the integrity of motorcycle sport. Accordingly, AMA Pro Racing has established this Substance Abuse Policy, which is a supplement to AMA Pro Racing's Rules for Competition and which is binding upon all licensed riders in the same manner and to the same extent as AMA Pro Racing Rules for Competition. Riders applying for any AMA Pro Racing license must agree to the following:

"I recognize the importance of maintaining the safety and integrity of professional motorcycle racing. Accordingly, I agree to strictly comply with AMA Pro Racing's Rules for Professional Competition and AMA Pro Racing's Substance Abuse Policy. I understand that my agreement to comply with the Substance Abuse Policy is an essential precondition to the issuance of a professional license and that I must abide by the Substance Abuse Policy and submit to such testing procedures as may be conducted from time to time at the sole discretion of AMA Pro Racing as a condition of continued licensure. I further understand that any violation of the Substance Abuse Policy, or failure or refusal to submit to testing and honestly participate in any testing procedure, will result in immediate disciplinary action which may include the suspension of my AMA Pro Racing competition license and the denial of my privilege to participate in any AMA Pro Racing sanctioned events."

All licensed riders are provided a copy of the AMA Pro Racing Substance Abuse Policy with the issuance of their rider license. It reads as follows:

The AMA Pro Racing Substance Abuse Policy is provided to AMA Pro Racing licensed riders in accordance with the AMA Pro Racing license agreement. Compliance with the AMA Pro Racing Substance Abuse Policy, and participation in its testing program, is mandatory for all licensed riders and is essential to the safety of professional motorcycling activity.

B1 Prohibited Acts and Substances

- B1.1 AMA Pro Racing licensed riders are prohibited from using, possessing, purchasing, selling and/or participating in the distribution of illegal or prohibited substances.
- a. Prohibited substances are those substances that, in AMA Pro Racing's sole determination, may adversely affect the safety or integrity of the sport of motorcycle racing.
 - b. AMA Pro Racing may make this determination with respect to a particular substance at any time, including and without limitation at the time of discovery of drug test results.
- B1.2 Illegal acquisition, distribution, or misuse, including use without a prescription, of any legal prescription or over-the-counter drug, is strictly forbidden.
- a. Misuse of a prescription or over-the-counter drug is the use of such a drug in a manner which, in AMA Pro Racing's sole determination, may adversely affect the safety or integrity of the sport of motorcycle racing.
 - b. AMA Pro Racing may make this determination with respect to a particular substance at any time, including and without limitation at the time of discovery of drug test results.
- B1.3 At any time when involved in track activities, AMA Pro Racing licensed riders are prohibited from being under the influence of alcohol.
- a. Any rider discovered to have a measurable blood alcohol content during a professional racing event shall be considered under the influence of alcohol and barred from any further involvement or participation in the event. Further, they will be subject to disciplinary actions as provided for in this Substance Abuse Policy.

B2 Voluntary Disclosure

- B2.1 AMA Pro Racing encourages voluntary disclosure of substance abuse and supports voluntary rehabilitation efforts by persons subject to the terms of this Policy. Consequently, AMA Pro Racing is agreeable to accommodating such persons during their recovery and abstinence so long as the safety and integrity of AMA Pro Racing's professional racing program are not jeopardized.

- B2.2 AMA Pro Racing's primary objective with regard to voluntary disclosure is to prevent participation of individuals who are in violation of this Policy until such time as the violation is no longer a threat to the safety or integrity of the racing program. In principal, persons who voluntarily disclose violations of this Policy, and who voluntarily withdraw from participation until their eligibility status is resolved, will receive more favorable consideration than those whose violations are discovered through testing of body fluids and who have continued to knowingly participate in AMA Pro Racing's program while in violation of this Policy.
- B2.3 Individuals are encouraged to contact the Program Administrator to voluntarily disclose violations of the Substance Abuse Policy. Persons who do so will be subject to whatever actions and controls AMA Pro Racing deems necessary to protect the safety and integrity of its racing program, and such steps may include withholding of competition privileges.
- B2.4 Individuals who voluntarily disclose their violation(s) of the Substance Abuse Policy, and who cooperate with the Program Administrator in setting a plan of action for reinstatement, shall not, under normal circumstances, be charged with a first offense of this Policy.
- B2.5 Individuals who voluntarily disclose their violation(s) of the Substance Abuse Policy will be subject to a preliminary test to be conducted in a timely manner at the direction of AMA Pro Racing. Costs of such test shall be borne by the individual. Under no circumstances will the individual be permitted to participate in AMA Pro Racing-sanctioned activities until they have passed a substance abuse test.
- a. If the results of the preliminary test reveal that the participation of the individual will not jeopardize the safety or integrity of AMA Pro Racing program, as determined in the sole discretion of AMA Pro Racing, the individual will be permitted to continue participation in the program, without penalty, during a probationary period specified by AMA Pro Racing.
 - b. If the results of the preliminary test reveal that the participation of the individual may jeopardize the safety or integrity of the AMA Pro Racing program, as determined in the sole discretion of AMA Pro Racing, then the further participation of the individual will be withheld until such time as there is evidence, acceptable to AMA Pro Racing, that the individual's participation will no longer jeopardize the safety and integrity of the program.
 - c. Individuals who voluntarily disclose violation(s) of the Substance Abuse Policy will be required, prior to continued participation, to enter into a Voluntary Disclosure Agreement with AMA Pro Racing stipulating the conditions of their probation.
- B2.6 Individuals who voluntarily disclose violation(s) of the Substance Abuse Policy will be required, prior to continued participation, to enter into a Voluntary Disclosure Agreement with AMA Pro Racing stipulating the conditions of their probation.

- B2.7 Individuals who have no previous offenses of this Policy may voluntarily disclose violation(s) even at the time of selection for a random test under the provisions of Item 2.4 of this Policy or at the time of notification of a test under the reasonable suspicion provisions of Item 2.3. By doing so, the individual will be granted coverage under this section of the Policy (Voluntary Disclosure) rather than Item 5 (First Offenses). However, such individuals must immediately cease their participation in the day's activities and refrain from any further participation in AMA Pro Racing-sanctioned activities until their eligibility status has been resolved.
- B2.8 Individuals who have one or more previous offenses of this Policy are offered no specific protections under this section of the Policy. However, voluntary disclosure of repeat violation(s), and voluntary withdrawal from participation, will be viewed as mitigating factors by AMA Pro Racing in determining any penalties which might be invoked.
- B2.9 Any violation of the Substance Abuse Policy discovered while an individual is on probation under these provisions for voluntary disclosure shall be treated as an offense under the appropriate item of this Policy.

B3 Reasonable Suspicion

- B3.1 AMA Pro Racing may require designated licensed riders to submit to urine, blood, breath and/or eye testing if officials have a reasonable suspicion that a person may have violated one or more provisions of this Policy.

Failure to pass this test will constitute a third offense of this Policy and penalties prescribed in Item 7 will apply. Under no circumstances will any person be reinstated until they have passed a follow-up test.
 - e. Compliance with all provisions of a five-year probationary period which shall be imposed in connection with any second offense under this Policy. The conditions of such probation shall be at the sole discretion of AMA Pro Racing. During the probationary period, the person shall be subject to further routine testing under the random and reasonable suspicion provisions of this Policy. Additionally, they shall be subject to unannounced urine or blood tests upon request by AMA Pro Racing, and at AMA Pro Racing's sole discretion. Costs of such tests are to be borne by the person on probation.
